## **Water Feature Matters**

### **Vacuuming**

The structure was vacuumed from top to bottom over 3 days from 14 May. Although heavier debris on the base and steps of the feature were picked up in the vacuum's filters, very fine debris (pollen, dust, some sand) are not caught in the filters and ultimately settle back on the steps and base. This is not a failure in the vacuuming process. Being an open-air facility the structure will always pick up dust and debris from the air, especially during windy periods.

#### **Timetable**

The Water Feature is now running on its summer schedule. 1 pm to 7 pm daily.

# **Company Matters**

The annual demand went out on 1 May. The Deed of Covenant stipulates that payment must be made within 14 days of receiving the demand, but to conform with usual practice, owners have 30 days to settle the payment (by 1 June). If the payment is not received by then, reminders will be sent. If the charge remains unpaid, a penalty charge of £90 may be added to the balance due. This charge represents the costs to the property management company and does not generate a profit for CPMCL. It is therefore in everyone's best interests to pay the charge as soon as the demand arrives.

Since there are over 300 subscribers to this newsletter, all of whom are members of CPMCL, if you have not received the demand, please contact Wishtower's accounts team at <a href="mailto:accounts@wishtower.com">accounts@wishtower.com</a> for a copy urgently. Do not hope that this will delay your obligation to pay the charge, as it will not.

If you are experiencing difficulties paying the charge in full immediately, contact Wishtower urgently to discuss a payment plan. CPMCL cannot enter into credit agreements.

Where a property is being sold, the charge must be paid in full as normal, since CPMCL, Wishtower and Stephen Rimmer LLP (our solicitors) do not apportion the charge on behalf of buyers/sellers; the seller's conveyancers do this

#### **Unsociable Behaviour**

The police continue to look for the two men who were reported for anti-social behaviour by the cauldron at the top of leg 2 last month.

Dog fouling continues to annoy those residents with dogs who do pick up. We want all dog owners/walkers to pick up, using one of the three dual-purpose bins around the Water Feature (by the bridge at Santa Cruz Drive, by the bridge at St Kitts Drive, and at the end of Leg 1 close to the Dominica Court/Martinique Way cul de sac). There are also two bins between Dominica Court and Anguilla Close overlooking the outer harbour.
